## Cleopa Python Developer (m/f)

Cleopa GmbH is a Berlin-based, 20 years old company, active in three segments – CONSULTING – RESEARCH & ENGINEERING and SERVICES. *We are looking for qualified people with a keen interest in development and design and substantial understanding in Smart Services. The role will be centred around the definitions and implementations of digital service market places.*

### **Responsibilities**

- *Write effective, scalable code*
- *Develop back-end components to improve responsiveness and overall performance*
- *Integrate user-facing elements into applications*
- *Test and debug programs*
- *Improve functionality of existing systems*
- *Implement security and data protection solutions*
- *Assess and prioritize feature requests*
- *Coordinate with external and internal teams to understand user requirements and provide technical solutions*

### **Requirements**

- *Work experience as a Python Developer*
- *Expertise in at least one popular Python framework (Django, Flask or Pyramid)*
- *Knowledge of object-relational mapping (ORM)*
- *Familiarity with front-end technologies (like JavaScript and HTML5)*
- *Good working proficiency in English*

### **We offer**

- *Exciting opportunity to be instrumental in the design and development of a complex and hugely configurable product*
- *Work in a small but dynamic development team*
- *Support in relocation to Berlin*
- *Good competitive salary*

If you are interested in the position, please send your application (in English) including your CV and cover letter to [info@cleopa.de](mailto:info@cleopa.de) (copy to [myanyshevskyy@web.de](mailto:myanyshevskyy@web.de)).

If you have any further questions do not hesitate to contact us +49 3302 206 92 95. You can find more information about our company on [www.cleopa.de](http://www.cleopa.de).
